TAC ENERGY, as the authorized Seller Representative, reaffirms its commitment to conducting business in strict adherence to International Law. We declare our role to facilitate the sale of the specified commodity in accordance with provided specifications, quantity, and pricing terms.

Our pricing strategy emphasizes flexibility, with prices adaptable and negotiable. Commission rates are set at \$5 per metric ton (MT) and \$2 per barrel (BBL), subject to negotiation between parties.

We prioritize transparency and fairness, engaging in collaborative negotiations for mutual benefit. Our team is available to address inquiries and ensure a smooth transaction process.

PRODUCT ORIGIN:

We source our products from Kazakhstan, adhering to the highest export standards. Our loading services cover major ports like Rotterdam, Houston, Fujairah, and Jeddah, delivering to Any Safe World Port (ASWP). Our INCOTERMS offerings, including FOB, TTT, and TTV, provide flexibility to align with your preferences. Transparent transactions are ensured with a fixed commission rate of \$5 per metric ton (or \$2 per barrel), seller responsible for payment. Payment terms include SBLC, MT103, or Letter of Credit. Contractual periods range from SPOT agreements to 12-month contracts, with potential extensions, fostering enduring business relationships tailored to your needs.
