WARNING NOTICE FOR BUYER AND SELLER (2020).

This is a very important message to anyone involved in the commodities industry on the new measures with respect to Buyers and Sellers conducting transactions. From now on, if an ICPO, LOI, RWA, or BCL is issued and the document is not real, true and/or actually verifiable factual, the Buyer and or Seller will be able to inform the FBI, ICC, and INTERPOL. In addition, after an SCO, FCO is sent to the Buyer, there should be a formal answer to Seller from Buyer in a timely manner in accordance with the agreement between parties. If there is no response from the Buyer in a timely manner, the buying company will be reported to the FBI, ICC and INTERPOL. If this action is repeated by Sellers, they too will also be reported for abuse of the NCND, LOI, ICPO, AND RWA OR BCL, FOR THIS IS NOW A FEDERAL OFFENSE.

The reason for this measurement is to protect the commodities industry, which is a fundamental part of the world's economy. The INTERPOL Global Complex for Innovation (UNITED STATE)
